

DIY Product of the Year  
Decorating Product of the Year  
Garden Accessory of the Year  
Garden Fertiliser/Chemical of the Year  
Garden Tool of the Year  
Hand Tool of the Year  
Home and Kitchen Product of the Year  
Power Tool of the Year  
Security Product of the Year

All of the categories in this section are open to all businesses in the DIY sector who offer new and exciting products that launched into the UK Market in 2016.

Due to the sheer volume of products we have standardised the entry form to make entry easy.

Product samples no longer need to be sent along with your entry form; however they must be sent before the judging panel convenes.

We ask that you don't delay in returning your entry form to us so that we can begin to compile our judging packs.

If you would like to discuss the entry process then please do not hesitate to contact:

We appreciate that, once completed, this document may be too large a file size to send by regular email, so you may also send this information via Dropbox, We Transfer or similar file sharing software. If you would like details on how to do this please get in touch.

What you need to do:

### **Step 1**

Complete BOTH parts of the entry form, *per product*. Please include images of your products which can be added via the grey boxes.

### **Step 2**

Email your completed form to [jbamber@datateam.co.uk](mailto:jbamber@datateam.co.uk) please be sure to include the name of your business preceded by DIY Week Awards 2016 in the subject line

### **Step 3**

Within 48 hours you will receive an email acknowledgement to notify you that we have your entry. If you do not hear from us, please check your spam email, and contact us to ensure we have received it safely.

### **Step 4**

Send your product sample(s) by post or courier for judging. You will receive full sending instructions and an address label

Completed forms need to be received by the due date; more information on deadlines will be available once entries open.
